IIITB is a totally ragging free campus. There is a healthy relationship between seniors and juniors. Juniors can take help or guidance from seniors without any hesitation.

5. What is the criteria for scholarship at IIITB and what costs does it cover?

Scholarship amounts vary from year to year depending on the available funding. The types are merit and need-based scholarships. The former is generally awarded to those with a high GPA (alternatively, those who are a part of the Deans Merit List).

Need based scholarship covers a larger part of the tuition fee and is designed to support those who require financial assistance. Typical amount of these scholarships is 20K-60K (per year).

6. Are there any arrangements for Non-Vegetarian students in the mess?

The mess serves boiled eggs for breakfast on specific days (Sunday and Wednesday) as the only Non-Vegetarian item on the menu. Although, there are many restaurants around the college (within 500m radius) which serve Non-Vegetarian food.

7. Is a laptop required during the 1st year?

A laptop isn't compulsory in the first year, but most of the students bring their laptops with them. They are very convenient and prove to be very handy, especially with the late night/last moment assignment submissions.

8. Is the curriculum for ECE and CSE same for the first 4 semesters?

Yes The curriculum is same for the first 2 years. We share the same core subjects like Data Structures, Programming, Digital Design and Networking.

9. Which mobile service provider provides the best connectivity in the campus? BSNL/ AIRTEL/etc.

The location of our college provides us a huge advantage since Electronic City is jam-packed with software companies and startups, there are generally no issues regarding mobile networks. So any network would be okay. There are also shops nearby for sim cards and mobile repair.

10. What is the system in IIITB for washing cloths (students)?

The students are required to wash their own clothes or avail the services of any laundry service of their choice. The hostel does not provide any official system or washing machine for laundry.

11. Are there any hotels nearby or will the accommodations be available in the college for parents?

No arrangements for accommodation is done for parents by the college. Although parents are welcome to try out the food at our canteen. There are many options for decent accommodation around the college and in Electronic City.

12. What should 1st year students bring such a Mattress, type of shoes (what type for classes), dress in casual or formal, other guidance?

The instructions come in the admission letter (call letter) after the initial deposit is paid.

13. What is the last date to apply for a 100% refund at IIIT Bangalore?

Please call the administration for the above information. The office hours are 10 am to 5 pm with a lunch break in between from 12-2 am. (on weekdays)

14. What is the cutoff for the first list?

The cutoff for the first list was 200. The college accepted roughly 180 students in the first list.

15. Will the students who were offered ECE in the first list, be given the option to join CSE later?

The students who have been offered ECE in the first list might be offered CSE depending upon the vacancies in the CSE branch. Also, Students who have just been offered CSE, can be given an option of choosing between CSE and ECE later.

16. Is a branch change possible after admission?

No branch change is possible after admission.

17. What are the Fests held in IIITB?

An annual intracollege sports fest Spandan, is held each year, which sees participation from both students and alumni alike. Also, we have a student run cultural fest in works (Infin8) which had its trial run last year.

18. What have been the placements of students from IIITB?

The first iMTECH batch will pass out in 2017. Although, the placements for MTech students have generally been excellent, with a placement record of 100% and an average salary of 10-12lpa. For more information:

<http://www.iiitb.ac.in/placements/placements-statistics>

19. Does a 5 year course put me at a disadvantage for pursuing M.S from foreign Universities?

No, a 5 year course does not put you at any disadvantage. In fact many students from IIITB so pursue M.S and PhDs from foreign universities.

Many of our seniors in iMTech batches have completed their internships in MIT (USA), Australia and so forth.

20. What is the infrastructure of IIITB like?

IIITB has an excellent state-of-art infrastructure. We have spacious hostels with all modern facilities, fully air-conditioned Academic Block and a New in-progress Academic Block("Infosys block")
